Stunning Style and Quality

Stunning and spacious this two storey home has been craftsman built with a superior standard of quality throughout and a design which tastefully combines modern decor and recycled hardwood timbers.

Three outdoor entertaining areas are accessed by bifold timber doors and windows from the open plan living/dining and kitchen area. Aged timber posts add character and warmth to this ample area and a slow combustion fire is ready for winter. The front deck provides stunning Pittwater views while the other two entertaining areas are nooks set to catch the sun.

A modern stainless steel kitchen with an island granite benchtop opens via the bifold windows and a bar to the front deck making for easy entertaining.

Also located on this level is a separate toilet and spacious utility room.
